Headquarters U.S. Air Force

Integrity - Service - Excellence

SPS Status Update
To FRB
27 August 03

Susan Haskew
SAF/AQCA

U.S. AIR FORCE

- Increment 1- Security & Deployment
- Increment 2- Adapter

Increment 1: Security Processes

- SSG/ENAC completed their review of SSAA on 15 Aug
- Conditional CoN recommendation to AFCA
  - Object Reuse- DLL files needed
  - Passwords- all requirements not met
    - Reuse not restricted in PD2
    - Correct password structure needed for interface systems and tools
  - Corrections expected in Increment 3
  - Conditional CoN has to be renewed every year
- AFCA review
  - Security Office review since 18 Aug- no feedback yet
  - Signature expected week of 2 Sept (if no additional problems identified)

- WP training DB installed- 18-19 Aug
- SPSI training class held- 20-22 Aug
- Lackland Schoolhouse- 22-24 Aug
  - Training DB install
  - Production DB upgrade- *Successful!*
- QT&Es- still on schedule for Oct

Increment 2- Adapter Status

- Northrop Grumman Information Technology (NGIT) mapping
  - Marine map – double translation
    - Award- XML to EDI to legacy
    - Mod- XML to legacy
- NGIT contract
  - AF & Army removed –pending Marine map issue resolution (positive or negative)
  - Navy maps still on
  - JPMO investigating other contractors (AMS probable)
- All future maps will now be XML to legacy
- Probable schedule slip

U.S. AIR FORCE

- Increment 1 - SAF/AQCA & AFCIS working with AFCA

- Increment 2 - Awaiting JPMO adapter mapping resolution
